MODULAR LINE THE CUSTOM-MADE SOLUTION

Build your own soldering and repair stations
according to your needs

Modular Stations

The JBC Modular Line features 4 control units, 6 stands, 8 tools, and more than 300 cartridges and tips adaptable for the tools.

THE CUSTOM-MADE SOLUTION

All components can be freely combined for a completely personalised set-up.

JBC's DI, DD and DM stations offer full connectivity to any kind of tools like soldering irons, desoldering irons and tweezers.

Minimum requirements for a functioning soldering station are a control unit, a stand, 1 tool and 1 cartridge.
